

2023 Competition Checklist

Hello Parents and Students!

It's that time of year again already. Our first competition is just around the corner and our dancers are looking great this season! Below you will find specific instructions regarding how hair and makeup should be styled for competitions (and recital) as well as a complete checklist for each of your dancer's competition classes. Please follow this checklist as we will not have extra costumes or accessories available at competition. As always, if you have any questions, please ask your dancer's instructor or stop by the front desk.

***As a reminder the first competition (Rising Star Dance Competition) is March 17-19 and the second competition (Stage One Dance Competition) is May 5-7.**

We will not know specific times until closer to the competition. As soon as times are announced, they will be emailed as well as posted to our website. **Our annual spring recital is Friday, May 19 and Saturday, May 20.**

HAIR INSTRUCTIONS

Hair instructions will be specified in the instructions below for each dance. This year we have 3 hairstyles that we will be using depending on the class: a high pony, high sock bun, or low pony with a center part. All hair, no matter the style, must be neat and polished. If you have naturally straight hair, please use a straightener to smooth your hair. If you have naturally curly hair, please use a gel or product to smooth the curls. Make sure there are NO FLYAWAYS.

SOCK BUN INSTRUCTIONS

All hair should be slicked back and out of the face so there are no "flyaways". The bun needs to be at the crown of the head and should be visible when looking at the dancer head on. The hairpiece used to make the bun can be purchased at several stores including Ulta, Sally's, CVS, and Walgreens. **DO NOT USE A SOCK!** A hairnet must be placed around the bun and the bun needs to be secured with bobby pins all the way around.

MAKEUP

Please remember when applying your dancer's makeup that it needs to be heavy enough for stage. Stage lighting washes faces out dramatically, so please make sure you are following the guidelines below.

- **FOUNDATION:** Foundation should be worn on all dancers; this will prevent dancers from being washed out as well as allowing the rest of their stage makeup to appear more saturated and last longer. Choose the foundation of your preference in a color that matches your dancer's skin. Please blend foundation along the jaw line so there is not a visible line where the foundation ends and the dancer's neck begins.
- **BLUSH:** Wet and Wild Color Icon Blush: "Pearlescent Pink". Blush should be applied from the temple to the apple of the cheek and should be visible from stage.
- **EYES:**

Primer: Apply primer to lid before eyeshadow

Eyeshadow: Temu 9 Color Black Smokey Palette Matte Glitter eyeshadow palette (**Detailed instructions will be sent with pictures**)

- The lightest shade needs to be applied from the eyebrow to the lash line.
- The dark shade needs to be put on the eyelid.
- The dark shade needs to be put on the crease and the outer edge of the eye to create a smoky effect.
- The lightest shade needs to be placed on the inside corner of the eyes from the tear duct up towards the corner of the eyebrow.

Eyeliner: E.L.F. eyeliner in Black for the bottom eyelids, and E.L.F. Expert Liquid Liner in "Jet Black" for the top eyelids.

Eyelashes: Ardell fashion lashes #105. Must use glue to apply; do not rely on the sticky strip.

- **LIPS:** Wet and Wild Mega Last Matte Lip Color in "Spotlight Red"

EARRINGS: All students are wearing rhinestone stud earrings this year. Please purchase them from the front desk for \$12.

RHINESTONE PONYTAIL HOLDER: If your class uses this, you may purchase it from the front desk for \$12.

PIERCINGS: If you have numerous ear piercings or other piercings (ex: belly button), those must be removed.

NAILS: No polish on finger or toenails (only clear or French tip polish allowed).

UNDERGARMENTS

It is important that no undergarment shows under dance costumes. No underwear should be worn under your tights. Bras and straps (even clear straps) should be pinned to costumes, so they do not show AT ALL. We do have a studio bra that can be purchased at Opening Night. Let them know you are with JDSD, and they can show you which one. It has a clear back and detachable nude and clear straps.

NOTE: DO NOT wash, dry, launder, or clean ANY part of ANY costume. If needed, use Febreze to freshen, but DO NOT WASH ANYTHING!!

Thank you all for your time and dedication to our studio. We love having you as part of the JDSD family!

Dancingly Yours,
Miss Brooke
